

SETUP AND TEARDOWN

The following code has been added to both Login and MakeAppointment Test Suites.

```
@Setup(skipped = false) // Please change skipped to be false to activate this method.
def setUp() {
    // Put your code here.
    WebUI.openBrowser('')
    WebUI.deleteAllCookies(FailureHandling.STOP_ON_FAILURE)
    println('Cleared all the caches')
    WebUI.navigateToUrl('https://katalon-demo-cura.herokuapp.com/')
    WebUI.maximizeWindow()
}

/**
 * Clean test suites environment.
 */
@TearDown(skipped = false) // Please change skipped to be false to activate this method.
def tearDown() {
    // Put your code here.
    WebUI.closeBrowser()
}
```
